Executive Committee Meeting. 26 Victoria St. S.W.  
 Thursday, Oct 5<sup>th</sup> 1916 at 2.45 pm.

Present:

The Hon. Mr. Franklin (in the chair) Mr. F. Lewis,  
 Mr. Helen Webb, Mr. Cl. Parsons  
 Mr. Gye, Mr. Selgate.

Minutes:

The minutes of the last meeting were read & confirmed. As arising out of the minutes Mrs. Parish said that the Sec. of the Criminal Law Amendment Committee had called in Aug. to urge the importance of the Resolution to be submitted to the Nat. Council of Women on the desirability of promoting sex education from an early age. It had not been possible to promise support as answers had to be sent in by Sept. 15.

Lady Campbell & Mr. Helen Webb had attended the Conference on the subject, which was held at Cadogan Hall, Jan 2<sup>nd</sup>.

Mr. Glover had represented the P. & F. C. at the deputation to the Home Office on the subject of Criminal Law & Mr. Franklin stated that as a result of the deputation a Comtee had been appointed.

Mrs. Parish had attended the Royal Society Conference on Educational Temperance work.

It had not yet been possible to publish a new Library Catalogue as there had been unexpected work to do in connection with Propaganda. Mr. Franklin suggested that Mr. George Smith of Melville should be asked to join the Executive Committee. His suggestion met with general approval & Major Gardner was also proposed in the event of there being another vacancy.

Apologies were read from Lady Lewis Lodge, Mr. Whitaker Thompson, Mr. Bealham, Mr. Cadbury, Mr. Wolffe, & Lady Campbell.

Mr. W. W. W. inviting delegates to the Annual Meeting of the National Council, to be held in London on the 7<sup>th</sup> & 8<sup>th</sup>, 1916. Lady Campbell, Mr. Glover, Mr. W. W. W. & Miss Parry had been appointed. By the Fabian Society, asking for support for the following resolution to be proposed at the Nat. Council. "That in the opinion of this Council it would be a national disaster to close the schools to children under five unless steps were at the same time taken to provide an adequate number of nursery schools under trained & educated supervision." Being sure of the feeling of the Committee, Mr.

Franklin had previously authorised Miss Parry to promise their support.

- (c) The Fabian Society, hereafter to be known as "The Fabian Society & Junior Schools' Association."
- (d) Mr. Powell who hoped to arrange a drawing room meeting in Worcester, early in the new year, with a view to starting a Worcester Branch.
- (e) Mr. Kidner of Kettering, expressing his willingness to have a drawing room meeting as soon as possible.
- (f) Mr. Fitz Herbert, Jamaica & Mr. Baydale Smith Oxford, who wrote of their gratitude to the P. U. S.
- (g) Conference of Ed. Association announcing the Conference to be held Jan 4<sup>th</sup> - 5<sup>th</sup> 1917. Sir Ed. Parry had consented to speak for the children of the P. U. S. & as soon as the date, probably Jan 4<sup>th</sup> was settled, Mr. John Barchan was to be asked to preside. It was decided to make a charge for tickets.
- (h) Mr. Franklin submitted to the Committee the correspondence he had had with Mr. Mansford of Kensington College, who had offered cash grants of £20 - £25 for the training of the daughters of professional men. Mr. Franklin had answered that the offer was not one which could be dealt with by the Ex. Com. of the P. U. S. but rather by the

Two meetings were held at Bingley Training College on August 3<sup>rd</sup> & 5<sup>th</sup> during the Vacation Course. At the first of these, Mr. Mason's paper "A Liberal Education: Theory," was read by Mr. Arthur Barrett.

The audience of which a large proportion were teachers in Council Schools, listened with great interest to a paper which had been prepared for them by a representative of the West Riding County Council Education Department, who considered that an address on the teaching methods advocated by the P.T.E.C. might with advantage be included in the programme of the Vacation Course. The paper was followed by a vigorous discussion at which the Gen Sec. was present & able to answer questions. At the <sup>second</sup> meeting a paper on the same subject, but dealing with the practical side, was read by Mr. H. H. May, a member of the staff of the House of Education.

Miss Mason determined to print 1000 copies of these papers & also a paper by Miss Ambler of Ripplington School, which was read at the London Conference in July. Miss Mason offered a large proportion of these pamphlets to the Press, to be used for purposes of Propaganda. She also suggested that a letter should be sent to about 150 people, well known in the educational world, asking their opinion & begging their support. She proposed that the next step should be to form a Liberal Education League, which would be a fresh activity of the P.T.E.C. worked by the Union & increasing its membership with advancing

Liberal Education in Council Schools.

The following letter, to accompany the pamphlets which were to be sent to the first 150 people, was read & approved. The letter to be signed by the Chairman, the Founder, & the Hon. Sec.

The Committee of the P.T.E.C. ask your kind consideration of the accompanying pamphlets, which deal with a scheme of Education for Elementary Schools.

The scheme has proved itself successful & the third pamphlet describes its working in a mining village in Yorkshire. It is claimed that the success of the scheme proves that it is possible to give to children an education which is calculated to make them patriotic & large-minded citizens with varied & lasting interests. The working of the scheme does not involve any neglect of physical training, handicraft or vocational training, all of which are already so well carried out in our schools. The Committee hopes that you will see your way, after reading the pamphlets, to give the scheme the help of your support & advocacy & they would be glad to hear from you on the subject.

Miss Mason had been staying in Yorkshire during

September & had been able to hold several meetings of which a report follows. Mr Wood, H.M.T., writing later, spoke of the great success of this visit. Several schools in the W. Riding were already following the Parents' Union School Curriculum & many more were considering the matter.

Mr Wood had asked Miss Parish to visit Keighley, Bailley & Bradford in November, to see the work & to hold a few informal meetings.

It was felt that the Committee was too small & the details to hand insufficient to make it possible to plan out any more definite form which the Propaganda would take, but all agreed as to the importance & desirability of introducing P. U. S. C. philosophy into Elementary Schools.

Miss Parish's  
Report

Miss Parish reported a school visit at Barnsley on May 24<sup>th</sup>; the Mothers' Union Conference in June; a school visit to Buelthwaite Hall on June 20; a visit to an elementary school in Woodville on June 22; a visit to a home schoolroom at Thelthwaite July 11-12; a drawing room meeting at Woodstock on July 21; a meeting already referred to at Bailley on Aug 8<sup>th</sup>; & the Uplands Summer Meeting at Ranges, Aug 4-17.

Branch Reports

Interesting programmes for the winter season had been received from Huddersfield, Loughborough, Salford, & Northwood. Hull had decided to hold no meetings during the winter. Birmingham, Leeds, Middlesex & West Herts had all arranged meetings but had no programmes as yet.

Other News

An offer had been received from Miss Lomley of all the accommodation in the flat, except the part used by Miss Sanderson, at the yearly rental of £120 with a 3 years' lease & option of 7. The committee considered it desirable to make no change of address & Miss Parish was instructed to ask Miss Lomley for the first refusal. In the event of taking a a great lease Mr. Franklin suggested that Miss Lomley should be asked to let that the

The Head Master of the Ilkley Grammar School and the Mistress of the lowest Form to tea. Did not see his way to much though he was sympathetic, thought he might like to try Form I for his smallest boys.

Mr. Hallam (Director of Secondary Education for the West Riding) Mr. Horne (Director of Education for the West Riding) Both Directors very sympathetic but Mr. Horne saw great difficulties about books until he went book by book through the reduced programmes with Miss Mason. He then decided that he would have any applications from teachers wishing to adopt the method brought to him personally. He would also see if it would not be possible to work through the libraries in existence, one for teachers in which the loan period might, he thought, be extended from a month to a term, one for children who are allowed to purchase books they like at one third the cost. He suggested that propaganda might be worked through the local Teachers' Associations. He would himself mention the fact that the three pamphlets might be obtained from the P.N.E.U.

P. J. L. 111149

office in his monthly letter to teachers. Any teacher interested could take up the subject at a meeting of a local Association and if the teachers wished a combined meeting, or meetings, could be held for which Miss Mason might be asked to suggest a speaker. He saw great difficulties for small schools of 5-20 children and no prospect of any school paying a fee. Mr. Horne also suggested the possibility of approaching the publishers and getting cheaper editions for large numbers of one book. It was also <sup>the</sup> suggestion of his committee that Arnold Foster's History had been divided.

Mr. Mallan promised a list of Secondary Schools in which he would mark the Heads likely to be sympathetic. The Secondary Schools would have no difficulty about books or fee as their finances were in their own hands and only passed by the authority.

At each of these meetings Miss Mason brought forward all the points put down in the Report, taking Miss Ambler's papers as the basis for illustrating the underlying philosophy and the laws of mind.

Mr. Wood asked if Miss Parish could be spared when she came north to go round the schools with him.

Mr. Franklin said she considered the present Bonus drawn by the Staff, to be unacceptably high in this instance, as the expenditure on propaganda, which increased the work of the Office, stood to decrease its income, consequently, the surplus profit of the year. She therefore put it to the committee that it might be desirable to increase the salaries, meeting the added expense of living, & to abolish the Bonus, hitherto paid on the surplus profit of the year. The committee entirely agreed, & it was decided to increase the salaries of Miss Parrie & Miss Johnson by £ 25 a year, that of Miss Link by £ 20 & that of the junior clerk, whose salary increased automatically, by £ 6.00 a year, by an additional £ 6.10.0

## Propaganda

Mr. Franklin read many interesting & sympathetic letters which had been received in answer to the circular letter signed by the Chairman, Miss Rea, & herself. Those from W. Littleton, Lord Bryce & Sir Sidney Lee being specially interesting.

In addition to this letter, 2,500 other letters had been sent to, B. Secs, Students, & Directors, Clerks, & Correspondents of School Committees in every county. Some interesting answers had already been

received by those willing to go more fully into the matter. So requests for particulars had been received from teachers in the W. Riding who had heard of the pamphlets or Lib. Ed. from W. Holmes, Director of Elem. Education in the W. Riding. Eleven schools had now decided to follow the P. C. S. curriculum.

A meeting of teachers had been held at West Ham where a great deal of interest had been aroused, many teachers had written for fuller information & some had called at the office.

The study circle had been started, but so far only one teacher had been able to attend. This one was so much interested that it was decided to continue till Christmas.

Some teachers had applied for P. T. F. C. membership & the Committee decided to give their subscription at 5/- to include the P. R.

The minutes of the last meeting were read & confirmed. An arising out of the minutes Miss Parish said that she & the staff wished to thank the Committee for their generous decision with regard to the salaries.

## Apologies

Apologies were read from Mr. Felpate, Mr. Cadbury, Mr. Wicksteed, Lady Louise Locker, Mr. Ekin, & Helen Webb.

## Correspondence

- (a) From Mr. Fisher, Minister of Education to Miss Mason speaking of her scheme with real appreciation & expressing the intention to see it in the working when opportunity offered.
- (b) Mr. Bridge, Rector of Cranbrook B.C. thanked the society for the complimentary copy of the P.R. for his Parish library.

- (c) Mr. Helen Webb & Mr. Curtis suggesting that reminders of subscriptions should not be sent so frequently. Lady Blochem sending sub. 6 for repeated postage of account. &c. These letters raised the question of the desirability of sending constant reminders & Miss Parish pointed out that in spite of them in 1916 £6.2.11 was due for Review sent to people who had not answered their withdrawal. £5.4.4 of this was still owing. The Committee decided that in future no reminder was to have more than three Reviews when the subscription was unpaid.
- (d) Miss Bask for the Conference of Educational Associations saying that the sub-committee had set to consider accounts & estimated that there would probably be a deficit of about £40. The Associations who had guaranteed £2 would probably be asked to pay three quarters of the guarantee & also about 15% for the printed Report. As the expenses of Sir Edward Parvill's lecture had amounted to £9.9.4 & tickets had been sold for £12.19.0 Miss Parish was instructed to send a cheque for £3.9.8 expressing the hope that this donation would stand in lieu of the guarantee.

The Balance sheet compared unfavourably with January of 1916 which showed a balance of  $\pounds 1039$ . But the Committee considered that it would be well to invest in the Essex Loan  $\pounds 250$  or up to  $\pounds 350$  according to the advice of Mr. Perrin.

Arrangements

for the XXI<sup>st</sup>

Annual Conference

Mr. Franklin said that she had the refusal of the Hayes Swanwick for May 22-24 for terms being from 5/- per head per day to 5/- according to the number of members. This included all meals. The Committee decided to wait for a more suitable occasion to hold what would probably be an exceedingly attractive Conference. In view of the great difficulty & undesirability of travelling no Conference was to be held but, possibly, a day of meetings in London. Mr. Clement Parsons proposed a

united meeting with the Workers Educational Association & the National Home Reading Union. Mr. Parsons also proposed that a programme of Conference should be drawn up & well known people asked to write to the subjects, their papers being published in the Parents Review so that all members would be able to participate in a Conference without leaving home to do so.

Propaganda.

Up to the present  $\pounds 59.15.0$  had been spent (Postages 21.15.0; Printing 20.0.0 & Stationery 8.0.0)  $\pounds 1.2.2$  had been received for pamphlets &  $\pounds 1.8.0$  was still owing.

Results seemed to prove the expenditure well worth while. 28 answers had been received to the first 150 letters. 15 Educational authorities had asked for more information, expressed their sympathy & offered co-operation. 25 School teachers had expressed their wish to adopt the scheme.

9 teachers had joined the Union.

All this was a beginning was extremely hopeful. Bury S. Edmunds had asked for a meeting of teachers, Leamwick likewise

March 24<sup>th</sup>

whilst the Secretary for Education in Gloucestershire had arranged for Miss Parial to visit the schools or meet the head teachers of six of the most promising schools in Gloucestershire. Three members of the S.C.C. were now genuinely interested in the scheme. The study circle for teachers had not been continued as no time could be found to suit those who were willing to join.

Miss Parial reported meetings at Hungerford, Newcastle, Redcar, Wakefield & 12 school visits in Bradford & district when she had seen all the schools which are at present following the curriculum & some which hope to begin in April.

## Branches

A Branch had been formed in Birkenhead with Mr. & Mrs. Wright Brown as Presidents & Miss Cronie as Hon. Sec. Mr. Franklin had promised to speak at the inaugural meeting. Leamington Mr. Hodgkin wrote that there were to be no meetings & no subscriptions this winter.

Edinburgh Mr. Gedrick, Hon. Sec. reported a meeting at which P. Baughman had spoken.

E. Suffolk Mr. Sylvester wrote that owing to the war the branch had lapsed.

Leeds Mr. Wickham wrote that the Branch is going on at half speed this winter.

The Chairman,  
The General Committee  
Parents National Educational Union  
28 Victoria St., S.W.

Sir,

Having completed our examination of the Accounts of the Parents National Educational Union for the year ending 1st December 1916, we now enclose for your consideration a draft of the Revenue Account and Balance Sheet as at that date.

The operations of the year have resulted in a surplus of £1 : 19 : 11 after charging the staff bonus which compares with a surplus of £182 : 6 : 8 in 1915. This falling off in the net revenue is to be attributed mainly to a reduction of £46 in the receipts from the Parents Review and to an increase under Travelling of £35 viz. £32 : 14 : 2 this year as compared with a credit of £2 : 15 : 0 in 1915. Printing & Stationery Postage and Meetings also show material increases.

The following statement shows the variations in the expenses in detail:-

Conservation  
P. R.

Nothing was definitely decided though the  
idea was generally approved. W. F. Fernald  
thought that W. A. S. Reel, author of a Dominica Log,  
might be persuaded to write one of the articles.  
also from the pen of Fernald.

Our next Meeting

It was decided to hold a day of meetings  
in parlors at Bedford College. The underlying  
thought was to be decided later. Professor  
Gilbert Murray, Rev. Ralph Shephard, Dr. Ziesler,  
W. de Schlickeforn - or the Master of Malliol were  
suggested as speakers.

Propaganda

On Feb 15<sup>th</sup> a letter <sup>from this house</sup> had appeared in the  
Ed. Sup. of the Times, which had already  
resulted in 116 answers - requests for

further information. The writers were from universities, Public Schools, clergy, army & from every grade of teacher. Many had written again for further information. The letters had been sent to the Director of Education, Bradford, who had answered that he knew many of the correspondents to be the best type of elementary teachers, & considered that the letters appeared well for future progress.

There were now 18 Elementary Schools enrolled as members of the P. C. S. It was hoped that at least 10 more would soon be added to the list. Mr. Franklin said that Mr. Steinthal was visiting & helping all the schools in her neighborhood & extracts from her letters had been sent to Mr. Fisher who replied very sympathetically. Mr. Steinthal suggested that other P. C. S. members whose children had worked in the P. C. S. should be asked to visit schools <sup>in their neighborhoods</sup> which were starting the work.

Mini Parish reported meetings at Derby, <sup>Buckingham</sup>  
 Gloucester, Bury S. Edmunds & S. Albans &  
 school visits at Lutterell, Cam., & Bilton.  
 At Gloucester everything had been easy as  
 W. Household the Secretary, got to Pitt. Rd. Con. last

done all in his power to help the teachers who wished to try the scheme. F. Bury S. Edwards the case had been different as the teachers were eager but the secretary unwilling to contribute any outlay or books.

## Branch Reports.

Northwood. Mr. Selgate reported a very fine lecture from W. Clement Parsons & regretted that the audience had not been larger. The Northwood Branch had decided to call in no subscription next winter but to make their present funds last for the two years. This was possible as they had fewer lectures.

Hempstead. Mr. Glover reported a successful meeting at which Mr. Morgan had spoken.

London. Mr. Franklin said that W. Clutton Brock's lecture had been exceedingly well attended.

Birkenhead. This branch was not yet very satisfactory. There were members but no permanent officers.

Balsall Heath & Gorguay. A new branch had been started here with Miss Lane as Hon Sec. There was every prospect of its doing excellent work.

Worcester. Mr. Powell had made excellent arrangements for the inaugural meeting & called a strong committee.

XIX<sup>th</sup> Century

Mr. Clement Parsons had written an article on the Tringlington experiment which had been accepted by the Nineteenth Century. It would appear in May or June.

Mr. Lambart had also been approached <sup>by Mr. Fisher</sup> - Mr. Rea promised to consult Mr. Rea as to what would be done. As this meant a rise of £65 with very little advantage it was decided to give notice for September & to endeavour to rent the office direct from the Westminster Trust. Mr. Joseph was to be asked for advice & to act if necessary.
